

1 3/4

The image shows a technical drawing of a mechanical part, possibly a bracket or a component of a machine. The part is symmetrical and has a complex, stepped profile. It features a central rectangular cutout with a small notch at the bottom center. The top edge is slightly curved, and the bottom edge has several steps and a small notch. The drawing is surrounded by green dimension lines and tick marks. A horizontal dimension line at the top indicates a width of 1 3/4. A vertical dimension line on the right indicates a height of 1 3/16. There are also diagonal lines at the corners, likely indicating chamfered edges.
