

1-15/16"

The image shows a technical drawing of a decorative bracket. The drawing is a black outline on a white background. It features a central rectangular cutout. The overall width of the bracket is indicated by a dimension line at the top, labeled '1-15/16"'. The width of the central rectangular cutout is indicated by a dimension line below it, labeled '1-1/16"'. The width of the lower section of the bracket, which is wider than the cutout, is indicated by a dimension line below that, labeled '1-5/16"'. The drawing is symmetrical about a vertical centerline. The top edge is rounded and has a slight curve. The bottom edge is also rounded and has a slight curve. The sides are slightly flared outwards. The drawing is oriented horizontally.
